

CB-175 HONDA SUPER SPORTS

POINT THE WHEEL ANYWHERE FOR PLEASURE

North, south, east or west. Big city, small town, fast highway or winding country lane. Mountain valley, plain or seashore. Quietly all by yourself, snugly with a girl friend, comradely with your best buddy or uproariously with a big group. In the brightening dawn, under brilliant daytime sunshine, through the dim glow of dusk or amidst the midnight darkness.

For real pleasure, just point the wheel of your Honda 175 Super Sports in the direction you want to go and push the electric starter button.
