TEXA - Guide to create myTEXA

SOLUTION:

This bulletin is about creating a workshop manager.**If there are more users of the diagnostic tool, they must be invited individually by the workshop manager via myTEXA. See bulletin 9676.****The latest update should always be loaded in TEXA.****Start by pressing either the yellow triangle in the right corner or the "myTEXA" menu.****If the yellow triangle in the right corner was pressed, this message appears. Press the 'Start user configuration' in myTEXA (arrow).**

Authenticator

Godkendt diagnose

Den godkendte diagnose er perfekt integreret i IDC5 og gør det muligt at låse gateways eller styreenheder op, der blev blokeret af producenterne.

Vigtigheden af en personlig konto

Husk at det er vigtigt for hver bruger at have deres egen konto for at få adgang til de godkendte diagnosefunktioner.

SOLUTION CONTINUED:

Press Sign up:

The screenshot shows the myTEXA website interface. At the top, there is a navigation bar with the TEXA logo and 'myTEXA' text, along with 'Language' and 'Login' options. Below the navigation bar is a large image of a technician in a blue uniform working on a blue car. To the right of the image is a 'Login' form with the text: 'Registering is quick and easy and gives you access to everything that regards the world of "TEXA"'. The form has 'ENTER' and 'HELP' buttons. Below the form are links for 'Privacy', 'Retrieve Password', and 'Sign up'. A red arrow points from the 'Sign up' link towards the right.

Now use your TEXA ID and serial number.

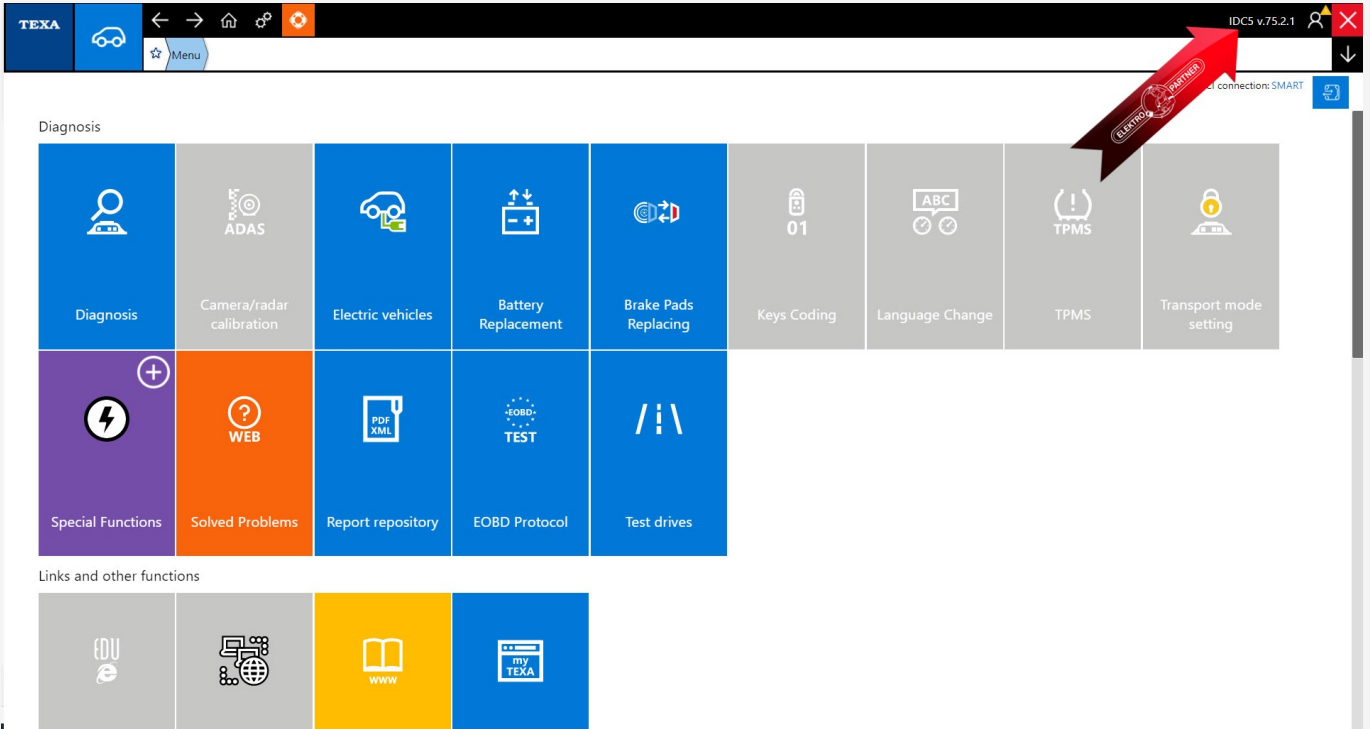

The screenshot shows the registration form on the myTEXA website. The form is centered on a background image of a modern building at dusk. The form fields include: 'E-mail' (ktropartner.dk), 'TEXA ID' (132), 'Serial number' (DN), and two checkboxes: 'I confirm that I am the workshop manager.' and 'I have read and accept the Privacy policy.'. There is also a 'I'm not a robot' checkbox with a CAPTCHA image. A 'Continue' button is at the bottom of the form.

SOLUTION CONTINUED:

Press Confirm for security clearance.

Fill in the form and enter an optional code (must contain capital and small letters as well as 1 special character).

We recommend to use a code that can easily be remembered, as it is the same code that is used each time the 2-factor authentication is completed prospectively. Enter the invitation code from the email in the lower space.

BULLETIN

SOLUTION CONTINUED:

Now continue with the security clearance shown in bulletin No. 9263.

If problems occur, you can contact IT via AutoFrontal - Hotline.
