myTEXA

myTEXA is the portal that allows TEXA customers to create a personal profile, enabling them to access all specially dedicated services, even outside the workshop.

First of all, via a link within this portal, the user can access the dedicated area of **DOWNLOAD MANAGER**, the new application specifically developed to make procedures for downloading the diagnostic software easier, quicker and even more protected.

Furthermore, it will be possible to subscribe to the newsletter and receive all the latest news, regarding the company, its products and relative updates and upgrades, as well as the TEXAEDU calendar of their courses, and much more.

Login

Registering is easy and gives you access to everything that regards the world of "TEXA".
