Udfyld formularen og indtast en valgfri kode (skal indeholde store og små bogstaver samt 1 specialtegn).

Vi anbefaler at anvende en kode, som er let at huske, da det er den samme kode som skal anvendes, hver gang 2-faktorgodkendelsen skal gennemføres fremadrettet.

Det er ligeledes vigtigt at udfylde sit fulde navn, som det fremgår i dokumentet anvendt til validering. Given navn = Fornavn + mellemnavn / Surname = efternavn.

Indtast invitationskoden fra email i det nederste felt.
