SUBJECT / SYMPTOM / TROUBLE CODE:

TEXA - Guide to create myTEXA

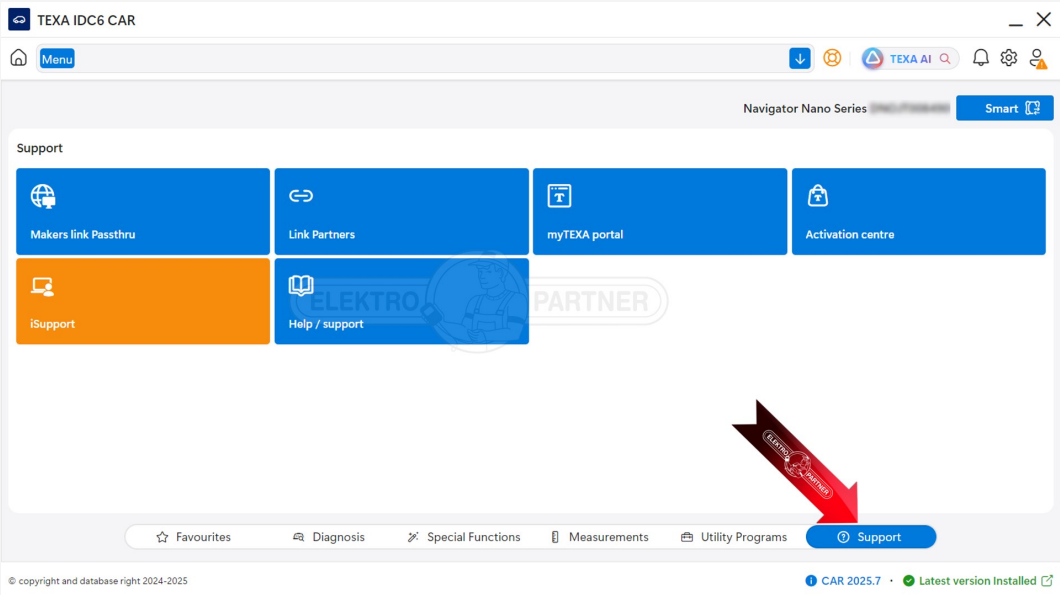

SOLUTION:

This bulletin is about creating a workshop manager.

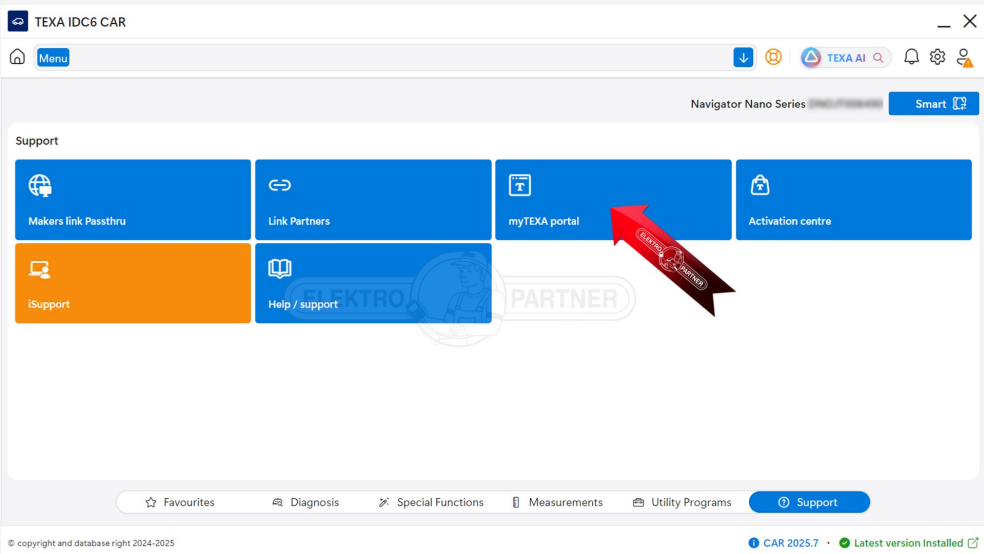

If there are more users of the diagnostic tool, they must be invited individually by the workshop manager via myTEXA. See bulletin 9676.

The latest update should always be loaded in TEXA.

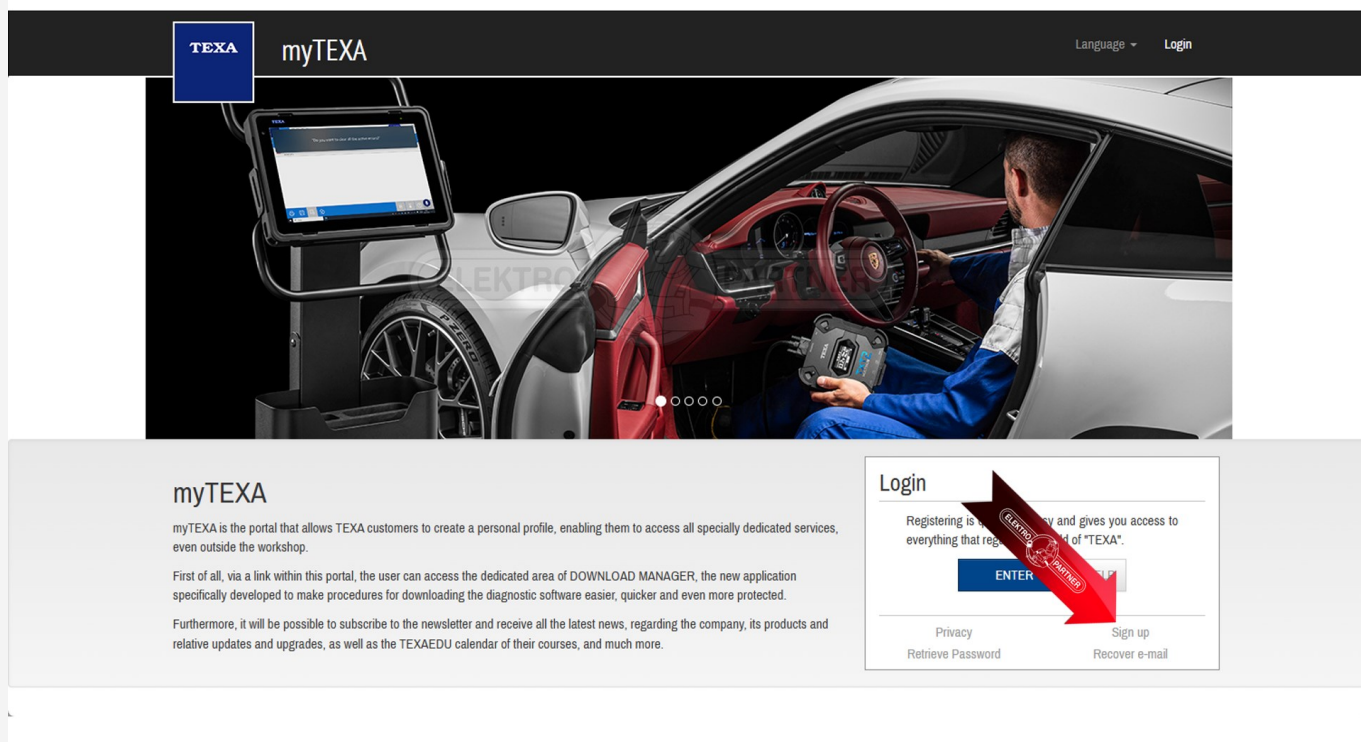

Start by pressing "Support" in the lower right corner.

Then press "myTEXA portal".

SOLUTION CONTINUED:

Press Sign up:

The screenshot shows the myTEXA website interface. At the top, there is a navigation bar with the TEXA logo, the myTEXA text, and links for Language and Login. Below the navigation bar is a large image of a car with a diagnostic tool connected to it. The main content area is divided into two sections: myTEXA and Login.

myTEXA

myTEXA is the portal that allows TEXA customers to create a personal profile, enabling them to access all specially dedicated services, even outside the workshop.

First of all, via a link within this portal, the user can access the dedicated area of **DOWNLOAD MANAGER**, the new application specifically developed to make procedures for downloading the diagnostic software easier, quicker and even more protected.

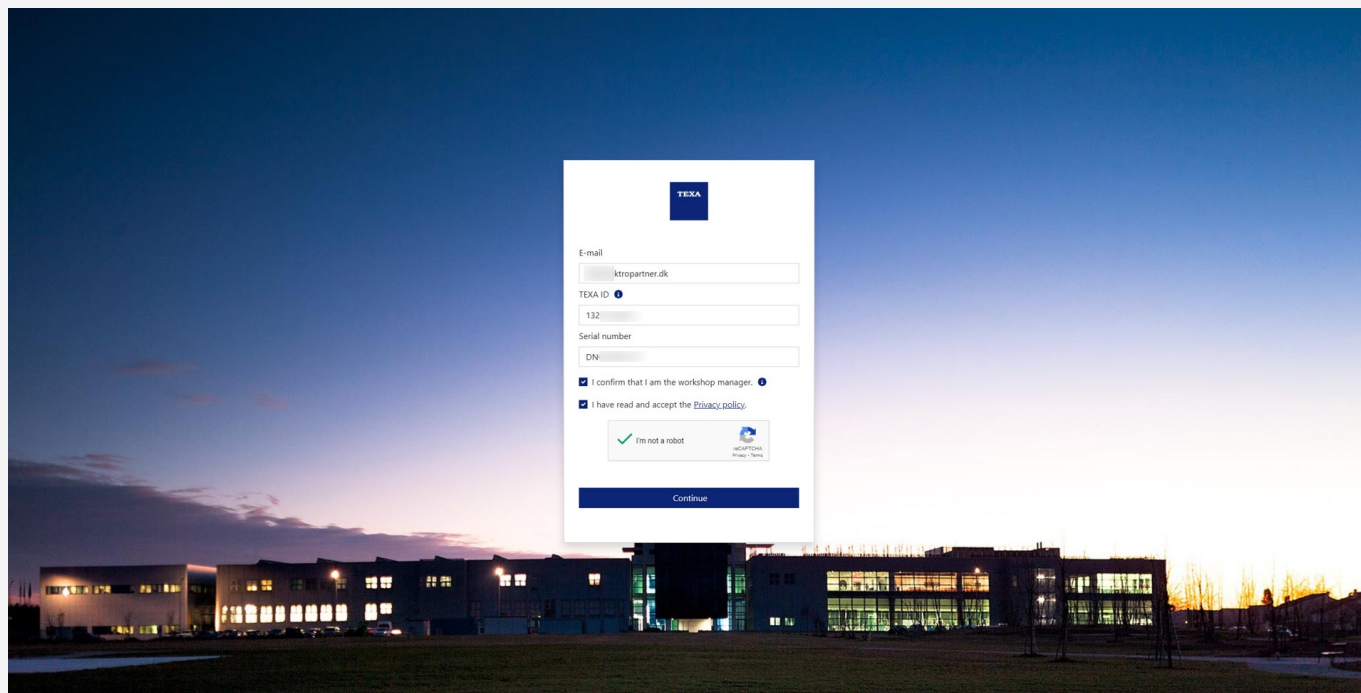

Furthermore, it will be possible to subscribe to the newsletter and receive all the latest news, regarding the company, its products and relative updates and upgrades, as well as the TEXAEDU calendar of their courses, and much more.

Login

Registering is easy and gives you access to everything that regards the world of "TEXA".

ENTER

[Privacy](#) [Sign up](#)
[Retrieve Password](#) [Recover e-mail](#)

Now use your TEXA ID and serial number.

The screenshot shows the myTEXA registration form. The form is titled "myTEXA" and includes fields for E-mail, TEXA ID, Serial number, and DN. There are checkboxes for "I confirm that I am the workshop manager" and "I have read and accept the Privacy policy". A CAPTCHA is also present, with the text "I'm not a robot". A "Continue" button is at the bottom of the form.

INVITATION CODE: 920

Good luck with your work

TEXA

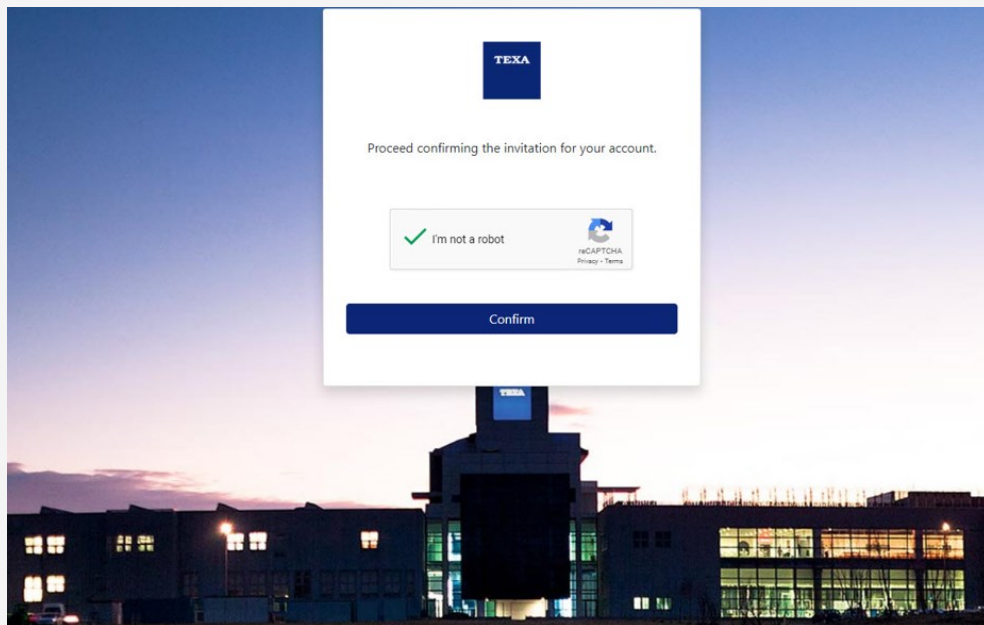

If you did not request to subscribe to the TEXA services, ignore this email.

This message was sent from an electronic mail address that is not verified. Do not respond to the message.

TEXA

SOLUTION CONTINUED:

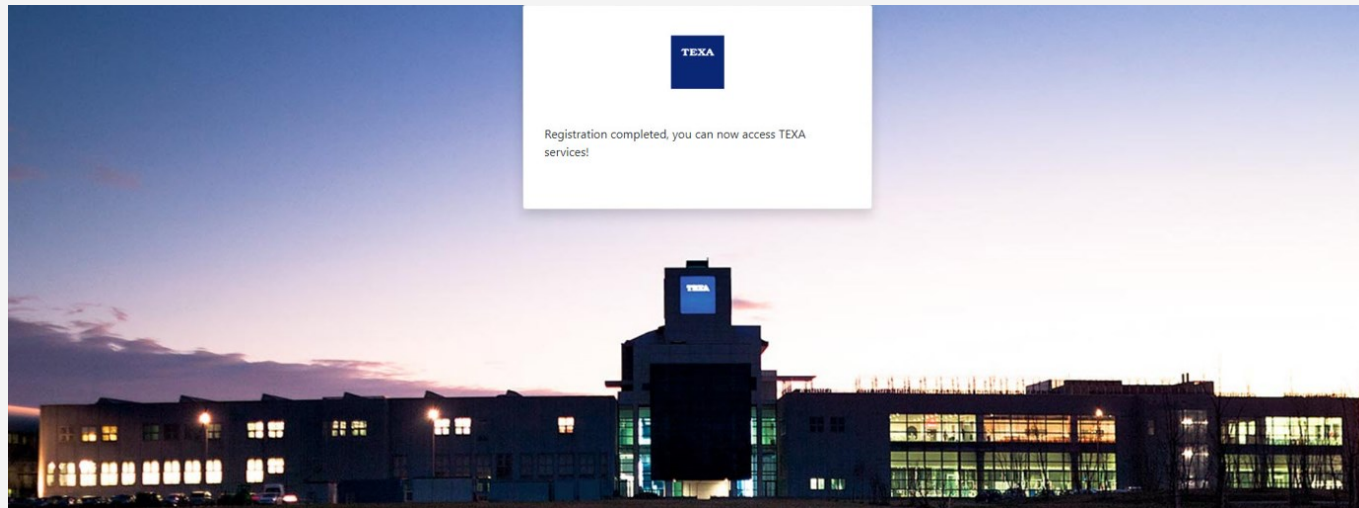

Press Confirm for security clearance.

Fill in the form and enter an optional code (must contain capital and small letters as well as 1 special character).

We recommend to use a code that can easily be remembered, as it is the same code that is used each time the 2-factor authentication is completed prospectively. Enter the invitation code from the email in the lower space.

SOLUTION CONTINUED:

Now continue with the security clearance shown in bulletin No. 9263.

If problems occur, you can contact IT via AutoFrontal - Hotline.
