

# YOUR NEW AUTODATA FOR MOTORCYCLES IS READY

**NEWS**  
Online application

Autodata's new motorcycle application includes direct license from 62 motorcycle manufacturers and covers more than 8000 motorcycle models worldwide, including ordinary motorcycles, off-road bikes, scooters, quads and motorcycles with sidecar.

Subscribers can start using Autodata for motorcycles within a few minutes after signing up, in any kind of unit such as PC, MAC, tablet or smartphone. They will be able to benefit from easy access to relevant information, such as technical specifications, repair times, fault codes and an estimate tool.

In addition, time-saving features such as a field with more recent activities in order to easily shift between jobs, which enables the motorcycle technicians to continue where they left off. Furthermore, a smart search field can predict what you are searching for, and present all the options in a drop-down menu.
